What is iMeet.com?
iMeet.com allows you to conduct live presentations on the Web, where the presenter controls what the audience sees!

Who uses it?
Anyone who ever needed to be able to show information instead of describing it in words. Professionals, business people, road-warriors, Web site developers,... you!

Why iMeet.com?
It's simple. It's affordable. And it works.

When and Where?
Anytime, Anywhere! All you need is a browser and a Net connection.

How do I get started?
Take a quick [demo](#) or [sign up](#) now!
